originally published in 1900 this groundbreaking novel by a distinguished african american author explores the southern obsession with race the drama of a brother and sister who pass for white during the dangerous days of reconstruction it offers realistic unsentimental perspectives on the role of race in 19th century american life publisher s description

scenes of violence and incisions into the flesh inform the demand for law the scene of

little girls being held down in practices of female circumcision has been a defining and definitive image that demands the attention of human rights and the intervention of law but the investment in protecting women and little girls from such a cut is not all that it seems law's cut on the body of human rights female circumcision torture and sacred flesh considers how such images come to inform law and the investment of advocates of law in an imagination of this scene drawing on psychoanalytic and postcolonial theory and accompanying ideas in political theology juliet rogers examines the language imagery and excitement that accompanies recent initiatives to legislate against what is called female genital mutilation the author compliments this examination with a consideration of the scene of torture exposed in images from abu ghraib and guantanamo bay rogers argues that the modes of fascination and excitement that accompany scenes of torture and female circumcision betray the fantasy of a political condition against which the subject of liberal law is imagined this is subjectivity in a state of non mutilation non prohibition or in a psychoanalytic idiom non castration to support the fantasy of this subject the mutilated subject the authors suggests is rendered as flesh cut from the democratic nation state deserving of only selective human rights or none at all

the colonial art of demonizing others examines european mistranslations and misrepresentations of black freedom dreams and self activity as monstrous in the period of modern imperial consolidation roughly from 1750 to 1848 this book argues that europe's archives of self understanding are haunted by the traces of black radical resistance just as europe's economy came to depend upon the raw materials markets and labor it secured from the colonies european culture came to be based on fantasies and phobias derived from the unruly and unmanageable aftershocks of colonial violence and counter insurgency rather than assert that european nationalist and abolitionist discourses are on the side of emancipatory movements the book shows the limits of the promise of that discourse and the continuation of those limitations that makes the continued pursuit of that promise a questionable activity this book does not wish to salvage the emancipatory promises of european discourse but considers the more difficult and uncomfortable question of why emancipatory movements represented the struggles of anticolonial and radical blackness the way they did the colonial art of demonizing others privileges the political reading not only of literary texts but also of historical documents

and visual culture

for readers of all ages who enjoyed the creative geniuses of J.R.R. Tolkien, Terry Brooks, and C.S. Lewis, the legacy of Shandar is an epic tale of classic fantasy and adventure, a compelling sword and dagger novel which will fascinate both die-hard fans and new readers alike. There is chaos in the world, evil is no longer punished, nor good rewarded; success is only for the strong, and failure strikes down the weak. This is the most terrible truth of our age. This is a story about the fabled city of Shandar, its five great houses, and its struggle against a unrelenting evil threatening to destroy all life in the land of Handaar. As the city stands against the enemy, a fellowship of envoys embarks on a perilous journey driven by perhaps the most difficult mission of all: bridge centuries of mistrust and hostilities with the other great civilizations of the land and unite them against the armies of darkness in the Third Dominion War.

In this cutting-edge collection of essays, an extraordinary and diverse group of biblical scholars, theologians, and ethicists from around the world offer perspectives on topics such as the New Testament portraits of Jesus of Nazareth and their reception history; interpretative efforts to understand the central claim that Christ became human; the consequences of the incarnation for our understanding of the variegated nature of humankind; i.e., what is the body into which Christ incarnated, and the impact of Christ's humanity on the transformation of the human world.

First there was the darkness, and then the burning sands. A mysterious man wakes up with no memories of who or where he is, and so he sets out to explore the desolate wasteland around him. But amid burning skies and men who manifest the darkest parts of themselves, he finds others like himself, and together they set out to rescue someone he can barely remember. Braving a city of madmen, a valley with monstrous howling creatures, and a river overrun with storms and the souls of the lost, he and his companions ultimately make their way to the most dangerous place imaginable: the very throne of the Devil's Kingdom. In an effort to rescue one soul for the sake of an invisible friend, they can't even see beyond the gates. Takes you into the mythology of heaven, hell, and earth, exploring all three through the eyes of an amnesiac who struggles to learn what's real and what isn't in a place where even time seems to hold no power. But at the core, it

probes the question of whether or not you'd be willing to enter the most dangerous place on God's behalf to plumb the deepest depths for His sake to truly and unflinchingly walk beyond the gates

As recognized, adventure as capably as experience virtually lesson, amusement, as capably as deal can be gotten by just checking out a book **Stars Behind The Tortured Soul** then it is not directly done, you could say you will even more on this life, in relation to the world.
